FEBRUARY 1981

ROOK: CORAL DANE

Cottonwood, Arizona, 1981. An incredibly beautiful young girl is prowiling the streets in a brief, basic batherian blichi and is being trailed by an enourmous horned eat of obviouly unearthly origins! The police are frantic and the clitzenry is aggg! But she eludes them easily in her single minded and mysterious search for medical help and revenge! Out of the misty future and a far off planet, Coral Dane has returned in search of her father! And she lusts to avenge the honor of her father!

MEET JOE GUY

Out of the illicit and mysterious union of Clark, a super boy (really!), and the world reknowned aviatrix. Amelia, came the super cute, super tyke, adorable little foundling. Joe Guy! His incredible powers allowed him to see through solid plastic, evesdrop on privale conversations and leap tail busses in a single bound! So, who else could the far off planet Shloonk turn to when a deranged monster escaped, threatened to destroy the universe, eat every bridge in America and create maybem in the streets?

VOLTAR

Voltar, the master general of the human forces, has been captured by the demon hordes of Magog! Voltar, trussed, tied and humlilated, has been carried back inshame to the castle he once called home! The towering ramparts are deserted of human life. The fair fields below the walls lie in ruin. The former human populace has been cast into the dungeons of their very own bastion by the very hordes of hell. And it is into this hopeless, deserted world of despair and darkness Voltar is tossed!
